

Application No.									
-----------------	--	--	--	--	--	--	--	--	--

Application for Net Metering of an On-Grid Small-Scale Renewable Energy Facility (Scheme 01)

For installed capacities up to the Contract Demand of the existing installation.

1. Project Type: Please mark ✓ in the appropriate boxes below. Please select **one or a combination of many types.**

Micro hydro	Wind	Biomass (grown)	Waste (agricultural, industrial, municipal, waste heat)	Solar Photovoltaic
-------------	------	-----------------	---	--------------------

2. Information about the Applicant:

Electricity Consumer's Account No. _____

Name _____.

NIC number _____

Address as specified in the Account No. _____

Contract Demand of the Installation: single/three phase, _____ Ampere

Note: The small-scale renewable energy facility shall be located at the premise served by the electricity account stated above.

Telephone numbers:

0									
0									

Email. _____

3. Facility Information – Please fill-in the information requested under the project type(s) selected in item 1 above.

4. Certification

- I attach the receipt numberdated for the payment of Rs as the review fee for this application, charged by CEB.
- I certify that Net Metering Facility is required at the same premise where electricity account is already provided, and that the renewable energy resource is within the property served by the existing electricity supply.
- I have read the Agreement and the Interconnection Standards applicable for Net Metering Facility. I agree to install all the required equipment and to provide information whenever requested by CEB and the Sri Lanka Sustainable Energy Authority.

Name of person signing this application _____
(Should be the registered consumer)

Signature _____

Date: _____
DD-MM-YYYY

5. Additional Information/Requirements
